Name:_____ Date: _____ Period: _____

Compare Characteristics of Life

Directions:

1. This is a good exercise to do in PENCIL.
2. For each item, place an X in the boxes of all criteria which apply.
3. Leave spaces blank if they don't apply .
4. Put a ? in the box if you are unsure.
5. Refer to your notes for help
6. Determine if the object is living.

	Made of Cells	Reproduces	Grows & Develops	Responds to Stimuli	Has the chemicals of life	Obtains (gets) and uses Energy	LIVING	NON-LIVING
Tomato								
Volcano								
Flame								
Sun								
Neutered Dog								
Car								
Motion Sensor								
Dead Cat								
Tree								
Virus								
Mars Probe								
Mule
